The Caulfield Malvern Basketball Club

REVIEW GAME DAY VIDEO FOOTAGE

COACH'S & TEAM MANAGER'S INSTRUCTION MANUAL

Overview

- At the commencement of the season, club representatives are issued seasonal passwords which will be passed onto team coaches and team managers.
- Representatives will use a competition specific password to select the game footage of date/time/court of when the match was played.
- Team coaches or managers should then set up their team and 'invite' players to join by email.
- Players must register and accept the invite to join the team, or they can request to join a team once they are a registered user of Jamware TV.
- After the representative orders the video, it will not be ready to view for a number of hours as it has to be downloaded, edited, and uploaded into your team lounge.
- Once downloaded, the footage can be 'marked-up' (this is an especially useful tool for coaches to highlight important sections of the game for players to review).
- Players can then review the footage, comment and reply for other players to see.
